Re:Docket #98N

Dear Sir I need to avoid all radiation in foods. The FDA promised to label irradiated food but THIS HAS NOT HAPPENED. I am terribly, terribly upset. How can I avoid these foods if I do not know which foods they are?

I urge you to MAINTAIN LABELING . We do not know the effects of irradiation on humans and I have a right to monitor the food that I consume. I have the right to know what I am consuming and you have an obligation to label the stuff so I can make a choice.

Sincerely yours,

  
Sylvia Goldsmith
